MISSION

The mission of the Louisiana Workforce Commission is to help strengthen and stabilize the Louisiana economy by building a well-trained, quality workforce, by providing an efficient labor market exchange, and by helping to maintain a workplace that is supportive of worker safety and productivity.
Dear Reader:

The revised 2008 edition of the Louisiana Licensing Guide has been updated with the latest statewide licensure information.

The publication is a useful tool for students, counselors, program planners, and anyone contemplating career fields. Individuals wishing to start a business will also find contact information necessary to obtain a business license. It is also intended to offer a guide for those wanting to obtain the necessary requirements of occupational licenses in Louisiana.

You will note that many of the regulating authorities have included a Web address for additional information. This publication will be included with those addresses activated on the Louisiana Workforce Commission's (LWC) Web site at www.LAWORKS.net. You may download the publication in Portable Document Format (PDF) by clicking on Labor Market Information in the left-side menu of the LWC homepage. Next, choose LMI Downloads (Forms, Publications, etc.) or access it from the LOIS/Scorecard database under Licensed Occupations.

We thank the listed boards, commissions, and state agencies for their response to our request for updated information. This response has enabled us to empower the current and future Louisiana workers with a timely and accurate, decision-making career tool.

Cordially,

Tim Barfield
Executive Director

GLOSSARY OF TERMS ...........................................................................................181
INTRODUCTION AND SCOPE

Empowered by the people to protect the health, welfare, and safety of the populace, state governments use professional and occupational regulations to assist in carrying out this charge. Such regulations are designed to guarantee that minimum standards are instituted and met by all licensed, certified, and registered practitioners.

The Louisiana Licensing Guide was prepared by the Louisiana Workforce Commission, Office of Occupational Information Services, Research and Statistics Division, in response to the need for centralized, convenient, and easy-to-understand licensure information. It has been developed to provide information about occupations that are regulated in some way by state boards, commissions, and agencies. In addition, it provides insight into career decision making for students, counselors, educational training program planners and administrators, policy boards, economic development personnel, the unemployed, employers, and other interested persons.

Although this publication attempts to include all occupations licensed, certified, or registered by state agencies, some occupations may have been inadvertently omitted. This publication does not include occupations regulated by federal agencies or local municipalities.

Information in the guide was supplied primarily by the pertinent regulating authorities and licensing boards, and is presented here in summary form. The regulating authority should be contacted for answers to specific questions concerning license length, renewal requirements, testing dates and locations, and any fees associated with the licensing process.

The Standard Occupational Classification (SOC) code may be used to access data on wages in the LOIS (Louisiana Occupational Information System) / Scorecard portion of the Louisiana Workforce Commission’s Web site, as well as data on projections by occupation. The 2004 to 2014 projections will give data users an opportunity to see the expected 10 year growth for each occupation by matching the SOC codes to the codes used in this file. To access this information go to www.LAWORKS.net, select Labor Market Information from the left-side menu and then access Employment Projections. You now can choose to view data on several topics. If you click on Occupations you will be able to match SOC Codes in the Licensing Guide to both wages and projections for the appropriate occupational code.

This guide contains a separate section for business licenses, certificates, and registrations. In addition to information contained here, additional licenses or permits (i.e. business licenses, inspection certificates, etc.) may be required. Information on starting a business in Louisiana may be obtained from the Secretary of State’s Geaux Biz, P.O. Box 94125, Baton Rouge, LA 70804-9125, telephone (225) 925-4704, fax (225) 925-4726, and email steve.windham@sos.louisiana.gov.

Existing occupational requirements and regulations are subject to change. The Research and Statistics Division plans to update the Web site product of this publication when changes are needed and would appreciate receiving necessary corrections or changes to the information presented in this edition. Louisiana Workforce Commission, Research and Statistics Division, P.O. Box 94094, Baton Rouge, LA 70804-9094, telephone (225) 342-3141, fax (225) 342-9192, and email OOIS@ldol.state.la.us.

This publication may be viewed as well as downloaded in Portable Document Format (PDF) form from the Louisiana Workforce Commission’s Web site at www.LAWORKS.net. Select Labor Market Information from the left-side menu. Scroll down the page and access LMI Downloads (Forms, Publications, etc.), and select Louisiana Licensing Guide.

Out-of-State Principals

Out-of-State Principal Level 1 (OSP1)

- This is a standard, three year, non-renewable Louisiana certificate issued to an individual who holds out-of-state certification as a principal (or comparable educational leader certificate) and has not met Louisiana’s Praxis and or National Teacher Exam (NTE) requirements. It authorizes the individual to serve as a principal in a Louisiana public school system, and is issued when the individual anticipates immediate administrative employment in a Louisiana public school system.
- Eligibility requirements: a valid out-of-state certificate as a principal or comparable educational leader certificate; a minimum of four years of successful experience as a principal in another state, as verified by the previous out-of-state school district(s) from satisfactory annual evaluation results; the candidate meets all other requirements for a Louisiana certificate as required by law or Board policy.
- An applicant who meets the above stated eligibility requirements shall not have to complete the required examinations or to submit scores from any examinations previously taken in another state as a prerequisite to the granting of certification as an out-of-state principal level 2 (OSP2), provided that: the applicant completes one year of employment as a principal in a Louisiana public school system while holding the three-year OSP1 certificate; and the local superintendent (or designee) of the employing Louisiana public school system has recommended the applicant for continued administrative employment in the following school year.
- Upon employment as a principal or an assistant principal in a Louisiana public school system, an individual holding an OSP1 certificate must enroll or be enrolled in the state-approved Educational Leader Induction Program under the direction of the Louisiana Department of Education. The individual has three years to complete the induction program.

Out-of-State Principal Level 2 (OSP2)

- This certificate is valid for five years and is renewable every five years, based upon successful completion and verification of required continuing learning units.
- Eligibility requirements: a valid Out-of-State Principal Level 1 (OSP1) certificate and satisfaction of Louisiana Praxis and or National Teacher Exam (NTE) requirements; and completed the Educational Leader Induction Program under the administration of the Louisiana Department of Education.
SCHOOL PERSONNEL CONTINUED

Out-of-State Principals Continued

Out-of-State Principal Level 2 (OSP2) Continued

a) The induction period begins upon the candidate’s first full-time administrative appointment (permanent or acting) as assistant principal or principal;
b) The Educational Leader Induction Program must be completed within a three-year period.

- Three years of educational leadership experience at the level of assistant principal or above.
- Renewal requirements: to maintain a valid OSP2 certificate, the holder is required to complete 150 continuing learning units of professional development consistent with the Individual Professional Growth Plan (IPGP) over a five-year time period, beginning with issuance date of the OSP2 certificate.

Out-of-State Superintendent (OSS)

- This special Out-of-State Superintendent (OSS) certificate is valid only for the employing Louisiana public school district requesting its issuance. It is valid for five years from date of first appointment as superintendent and is renewable every five years.

Eligibility Requirements:

a. Employed by a Louisiana public school system to serve as a superintendent or an assistant superintendent.
b. A valid teaching certificate from another state with authorization to serve as a school superintendent.
c. A master’s degree from a regionally accredited institution of higher education.
d. Five years of successful administrative or management experience in education at the level of assistant principal or above. The assistant principal experience would be limited to a maximum of two years of experience in that position.
e. Five years of successful teaching experience in a properly certified field.

Renewal Requirements:

a. Over a five year time period from date of appointment as a superintendent, the holder of an OSS certificate must complete a minimum of 150 continuing learning units of professional development that is consistent with the leader’s Individual Professional Growth Plan (IPGP).

**Training/Education**

Prospective veterinarians must graduate from a 4-year program at an accredited college of veterinary medicine with a Doctor of Veterinary Medicine (D.V.M. or V.M.D.) degree and obtain a license to practice. Also, while many colleges do not require a bachelor’s degree for entrance, all require a significant number of credit hours ranging from 45 to 90 semester hours at the undergraduate level.

**REQUIREMENTS FOR LICENSE**

- No person shall practice veterinary medicine in the state that is not a licensed veterinarian or the holder of a valid temporary permit issued by the Board.
- This Chapter shall not be construed to prohibit:

  1. An employee of the federal, state, or local government that is performing his official duties.
  2. A person who is a regular student in a veterinary school performing duties or actions assigned by instructors, or working under the direct supervision of a licensed veterinarian during a school vacation period.
3. The following are hereby declared to be accepted livestock management practices and shall not require a license:

   a. The collection of semen for quality evaluation of male equine or bovine species conducted for the purpose of processing or freezing of semen for use in artificial insemination.

      ✓ The nonsurgical impregnation of farm animals with frozen embryos.
      ✓ The practice of artificial insemination of farm animals.
      ✓ The teaching in schools and short courses of artificial insemination techniques and pregnancy diagnosis by qualified employees of the National Association of Animal Breeder’s Certified Semen Service Program.

   • A veterinarian regularly licensed in another state consulting with a licensed veterinarian in this state.
   • Any merchant or manufacturer selling, at his regular place of business, medicines, feed, appliances, or other products used in the prevention or treatment of animal diseases.
   • The owner of an animal and the owner’s full-time regular employee caring for and treating the animal belonging to such owner, except where the ownership of the animal was transferred for purposes of circumventing this Chapter.
   • A member of the faculty of a veterinary school performing his regular functions, or a person lecturing, or giving instructions or demonstrations at a veterinary school or in connection with a continuing education course or seminar.
   • Any person selling or applying any pesticide, insecticide, or herbicide.

REQUIREMENTS FOR LICENSE

• There are two types of licenses, Class A and Class B.
• Must submit an application, fire and health approvals, zoning, and on-site inspection.
• The length of the licensing process is 30 to 90 days for an initial application.
• An initial application fee of $25 is required with the application form. This nonrefundable fee will be applied toward the license fee when the facility’s capacity is determined.
• After the completed application has been received by the Bureau of Licensing, the Bureau will request that inspections be made by the Office of the State Fire Marshal, Office of Public Health, Sanitarian Services, and any other appropriate local agencies (Zoning Department, City Fire Department, etc.). Even though the Bureau of Licensing makes these requests, it is the responsibility of the applicant to obtain the inspections and get the approvals.
• After the application form and initial fees have been received and processed, you will be contacted by the DSS Bureau of Licensing to schedule the initial inspection survey by a Licensing Specialist. All of the appropriate agencies listed above must give their approval prior to licensure and occupancy. Any additional licensure fees are due after the initial survey and prior to issuance of a license.

SECTION III

REGISTERED APPRENTICESHIP
PROGRAMS

- Registered Apprenticeship in Louisiana
- Occupations Under Apprenticeship Programs
The Louisiana State Apprenticeship Law, (R.S. 23:381) authorizes establishment of a Registered Apprenticeship training program for a trade which provides at least two thousand hours of on-the-job training, coupled with a course of related and supplemental instruction consisting of a minimum of 144 hours per year.

Participation in Louisiana’s Registered Apprenticeship system is strictly voluntary and provisions of this law apply only to those organizations, which wish to have their programs registered with the state.

Employers and other organizations, which participate as Apprenticeship program sponsors, do so because of their conviction that formal structured Apprenticeship programs produce better trained journeymen workers, and that having better trained workers results in greater cost effective productivity.

Administrative rules adopted under authority of the law require that employers or organizations that wish to establish a formal Registered Apprenticeship training program must submit written standards detailing the specific terms of the training to be provided; which terms must include:

1. The planned duration of the training.
2. A work process listing the number of hours to be spent in each phase of the on-the-job training.
3. The curriculum of the required related instruction to be taught and the number of hours to be spent in such instruction.
4. The journeyman wage rate of the trade in which the apprentice is training.
5. The progressive schedule of wages to be paid to the apprentice as training progresses.

The staff of the Louisiana Workforce Commission – Labor Programs Section offers assistance to prospective program sponsors in developing standards for a training program and submits those proposed standards for review by the Louisianan State Apprenticeship Council. Upon approval of the standards, individual apprentice agreements are processed and apprentices are indentured to the particular program sponsor pursuant to the terms of the approved standards.

Labor Programs Compliance Officers make periodic inspections of the program sponsors’ facilities to determine if the apprentices are being trained in accordance with the approved standards and whether or not the program sponsor is maintaining proper records regarding the apprentice’s on-the-job training hours, attendance of related instruction and payment of wages.
Upon successful completion of the training program, the apprentice is issued a certificate of completion from this office and is elevated to the level of journeyman for that training.
